**PLEASE NOTE:** A minimum GPA of 2.7 (B-) must be maintained in the combined courses used to satisfy each concentration program, and it is expected that each student completes PSYC 110 (C+), PSYC 115 (C), and PSYC 211 (C), as well as any other course pre-requisites. You are encouraged to meet with the Coordinator of your concentration of interest for advising early in your college career. Careful planning is required since courses in some concentrations have additional prerequisites.
